

Notice regarding taking bicycles on trains

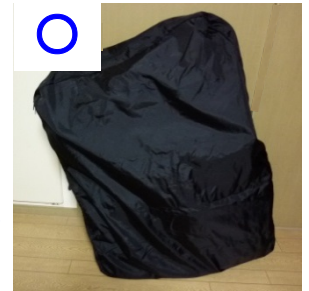

A bicycle may be taken on the train only under the following conditions:

- It is dismantled and placed in a suitable carry-on bag.
- Fold-up bicycles must be folded and placed in a suitable carry-on bag.

- There are different carry-on bags for bicycles.
If any part of the bicycle is showing (saddle, handle bars, etc.), **this does not constitute suitable storage.**

Entire bicycle must be placed **in a single bag**

- A fold-up bicycle can be taken onboard only if it has been folded and **placed in a suitable carry-on bag.** You may not take it onboard without a bag, no matter how small it is once folded.

- Size restrictions apply to bicycles that have been dismantled or folded and placed in a suitable carry-on bag: Total length, width and height must not exceed 250 cm with maximum length of 200 cm. Even if these restrictions are met, bicycles that may harm others (with sharp parts that could tear through bag, etc.) **may be refused** by the stationmaster or staff.

Bags that may come undone or tear due to **unsuitable material or shape** will be refused.

Carry-on bag
Total dimensions (H + W + L)
under 250 cm

Within 200 cm

Examples of carry-on bags

Entire bicycle in suitable carry-on bag

Plastic bags not allowed even if the entire bicycle fits inside
